TRUCK DELIVERIES: Are made by closed semi-vans, if quantity justifies; otherwise, by open 2½ ton trucks. Charges for semi's vary from 50c to 60c per loaded mile and for 2½ ton trucks from 35c to 40c per loaded mile. In the past we have had an average of two to three semi loads per week in the Chicago area during the Spring delivery season. Our trucks make weekly deliveries every Friday and Saturday to the St. Louis, Mo. area (both Fall and Spring). When customers wish to send their own trucks for bulk loading, it is

advisable to give us three or four days advance notice, so that we may have the material ready, when truck arrives and avoid delay. All trucks should carry sufficient tarpaulins to properly cover stock.

We welcome a visit from you to inspect our stock and see for yourself before you compare prices.
